EASILY IDENTIFY ONE NETWORK FROM ANOTHER

With Colored Cassettes and matching cables!

Available in 12 colors

Color Cassettes:

- Easily identify one network from another
- Keeps networks separated via color coded system
- Makes installations easier and faster
- In SAN application, create A & B sides for your network
- Can be used with colored boots on trunk cables for ease of identification & installation
- The cassettes and cables come in 12 Fiber Optic Colors

All Cassettes are labeled:

- Method of Pinning
- Type of Fiber
- Part # and Description
- Serialized
- Test Results on back of each cassette

All Cassettes and Cables are Pre-Tested
